

Also use Nook Press to publish your own book—free!

I've been selling my e-books through Nook Press for four years and it's a **good way to get your book posted for sale at Barnes and Noble**, which runs it. (Its platform was earlier known as Pubit!)

It's probably **the easiest free ebook press site to use**. (The others most used are Kindle and Smashwords.) Simply go to Nook Press.com and there are three choices: E-Book Publishing, Print Books, and Help Services. If you want to publish and sell your books through them, go to the first. If you just want them to print your books, the second, and if you need help putting the book together, the third.

Just follow the submission directions in the publishing section, (My book, [How to Get Your Book Published Free in Minutes and Marketed Worldwide in Days](#), will ease your march through the steps, if needed.)

There are usually **two perplexing areas** in the free publishing formats: (1) **who you can talk to**—actually talk to, or at least type to and have them immediately type an answer back, and (2) **how many copies have you sold**, when, and when will those royalties be paid.

(1) **Live assistance is great at Nook Press**. If you have questions it will tell you where to go and how to do it immediately.

(2) **Easy enough here too**, if you remember that you get paid 60 days after sale and you are paid for all of that month's total sales. For example, if you sold a book in March, you will be paid at the end of May. (They will send you an email telling you it is en route [to your bank account] at that time.) So if you sold \$42 worth (say six books) in March, you will be paid

the \$42 at the end of May. Go to the SALES button and it will tell you the number of books sold the present month, how many were sold last month, and you can go down a list of previous months and it will tell you specifically which books were sold during those earlier 30-day periods. (There's also a graph on the SALES page telling the number of books sold each of the past six months.)

I need that by-the-month information (in our example, for April) because it tells me exactly which six books were bought that month. That's important to you if you have more than one ebook published by Nook Press. For me, I own a publishing company and I submit the books written by my five authors (see www.meetingk-12needs.com), plus me. So I need to know which books by which authors (and the royalty for each) they are paying. That's so I can pass that royalty on to them.

That's it. **Consider adding Nook Press to your selling force.** If nothing more, it's another publisher in your growing in-print domain. **Your kids will shriek with delight.** So will your spouse when those additional royalties get heavy in your account!

Best wishes,

Gordon Burgett

P.S. If you want to **read other comments**, usually how-to, in the 400 or so blogs at this site about any of the "open publishing" sites, go to the **SEARCH** box at the top, right, of the first page of this blog and type in the publisher's name (one at a time). The blogs will be lined up for you to read! What are the other related publishing outlets you might want to know about? Try Nook, Kindle, Smashwords, BookBaby, Create Space, Amazon, Lightning Source, Lulu, Scribd, Blurb, iBooks, and Kobo.
